

1. Copy the entire “review” folder into the theme directory
2. Open functions.php and add the following line at the end:
 1. `require_once 'review/review-functions.php';`
3. Go to “Custom Fields” and the “Tools” then import custom-fields.json from this folder
4. Add “Twilio” Gravity Forms add-on
5. Go to settings > Twilio and add account keys
 1. Account SID - ACbda705a254c2d3a7a4dc0ddb40d1795e
 2. Auth Token - f63523a0bb80f36d4092458ca4f91deb
 3. Test Account SID - AC383b05fb9900eea83a36d63b70948565
 4. Test Auth Token - be65c85b940f3b6dfacda5db4a52b354
6. Import the gravity form (form.json) from this folder
 1. Go to the Review Form > Confirmations
 2. Update the Redirect URL to the review our practice page url, but add `/?submitted=true` to the end (i.e. `https://arrhythmiadr.com/review-our-practice/?submitted=true`)
 3. Go to the Review Form > Settings > Twilio and add a Twilio Feed
 1. Select the available *from* number from the dropdown
 2. Select *Phone* from the “To Number” Dropdown
 3. Add `{Text Message Copy:7}` in the “Message” field
7. Create a new page Called “Review Our Practice” and set the page template to “Review Page”
 1. Add the logo, intro text, and other fields into the Review Our Practice page.
 2. In the “Gravity Form Selection” make sure to select the “Review Our Practice” form that was just imported.
8. Test!
